

The creation of the C.R. Rao Gallery is an expression of respect and regard by the students of C.R. Rao and has been supported by their donations

T.R. Rao serves as President and CEO of Market Probe, and oversees global marketing research operations in 10 countries worldwide. His PhD in marketing and more than 30 years of consulting experience have helped position Market Probe as a leader in the market research industry. Market Probe is one of the top diversity-owned businesses in the US and appears among the Honomichl Top 50 US Research Firms and Fortune Magazine's list of America's fastest growing private firms.

R. Thyagarajan, a Padma Bhushan awardee, is the Chairman of the Shriram Group of Companies, the Founder-Trustee of Shriram Foundation, and is the promoter of the Shriram Group. He serves as a Member of Advisory Board of Ennore Coke Limited and as director of TVS Capital Funds Limited. He is an associate at Chartered Insurance Institute, London and a visiting faculty at Asian Institute of Insurance, the Philippines.

C.R. Rao Gallery Inaugurated by Dr. V. Ramakrishnan

Venkatraman "Venki" Ramakrishnan was awarded the Nobel Prize in chemistry with two others for uncovering the structure of the ribosome which helped pave the way for the advent of novel antibiotics that could someday help people fight infections. Ramakrishnan is currently at the MRC Laboratory of Molecular Biology in Cambridge. He is a Fellow of the Royal Society, a member of EMBO and the U.S. National Academy of Sciences and a Fellow of Trinity College, Cambridge. His awards include Louis-Jeantet Prize for Medicine, the Heatley Medal of the British Biochemical Society and the Rolf-Sammet Professorship at the Goethe University, Frankfurt. He was knighted in 2012 for services to molecular biology.
